The **STEADI - PLANK™** System

932 Chipaway Dr. Apollo Beach, FL 33572 Ph# (813) 645-6666 Fax# (813) 645-3874

***Why buy a STEADI-PLANK™
instead of the others.***

- **Our ramps are expandable and extendable. You are not "locked-in" to one length. You can add or remove sections as your needs change.**
- **Our ramps are made from All marine grade aluminum with aluminum honeycomb core. NOT a COMPOSITE CORE that may wick water!**

- Our ramps have a soft edge guard on all sides to help protect your vessel from scratches.
- Our ramps have Eye rings to let you attach lines.
- Our ramps have a replaceable UHMW skid plate to protect the dock or pier.
- Our ramps let you add a full length handrail that will help you if you should stumble. (NOT A SMALL "T" HANDLE THAT MAY OR MAY NOT STEADY YOU.
- Our ramps are wider for better stability, easier boarding and the use of a "roll-on". (24" wide)
- Our ramps weight less. (Approximately 2.5 Lb per sq. ft. with all mounting hardware attached)
- Our ramps afford you the most flexibility for mounting and reconfiguring for future needs.
- Our ramps are strongerAll of our ramps will support over 1,000 lb.
- Our ramps float. Many will not if lost over the side.
- ALL of our PS/PSE series ramps may be upgraded to our "Passerelle" style boarding ramp or "cable assist" ramp system. You will not have to start over to upgrade to these features.
- On our web site, what you see is what you get.... We show you ALL... Technical information, prices, installation, options.... NO SURPRISES. So go ahead, purchase the best, order your STEADI-PLANK™ boat boarding ramp system today.
- Our ramps are worth a few dollars more!! Your investment in the safety, convenience, and comfort of your family and guest should demand the best. The STEADI-PLANK™ boat boarding ramp system.

Unsure about your first step..don't be..Use The STEADI-PLANK™ Boat Boarding Ramp System©!
